

Instructions:

1. Overlap the first and last panels then stick them together with the adhesive strips. Press firmly.
2. Fit the box into the base using the adhesive strips
3. Fit on the lid to complete the box construction.
4. Slide the ribbon through the ribbon slider until it is in the center of the ribbon. Turn it face down. Then fold the top and bottom edges into the center.
5. Fold the edges again outwards, so it is double folded on the top and bottom. A good way is to keep sliding it left to right until it's folded evenly on each side.
6. Turn it over and it should have the desired look.
7. Stick on the 3 strips of adhesive tape onto the lid. You don't need any on the front side of the lid.
8. Position the ribbon slider at the front of the box and wrap the ribbon around and press firmly.
9. Your gift card box is ready to go!
